Cant help you more at the moment, because you did not give sufficient information about where you live and where did you buy it.I ordered parts yesterday, but Im not yet sure if they are available in stock.Hope this helps. Took the brew unit out and clean all the parts, not working. Tried the rinsing but no water comes out from the coffee dispenser and now got stuck. The machine is out of warranty, will be expensive for repair. Could anyone help to advise how to get out of the rinsing. Should I replace water with descaling solution and run the rinsing Answer questions, earn points and help others.
